

Home Library Program

Thank you for your interest in our Home Library Program! Our Home Library Program will mail you 3 books per child for GLT Citizens ages 0 to 18. The IMLS grant has made this program possible in order to build up your home library.

The Home Library Program is a step toward increasing the home libraries of GLT's families. Having a home packed with books has shown to have a significant effect on literacy later in life. According to a study "early exposure to books in [the] home matters because books are an integral part of routines and practices the enhance lifelong cognitive competencies... it's impacts are equivalent to additional years of education." Adding to the Home Library of families and "Enhancing cognitive competencies" is how we can provide opportunities that promote long-term self-sufficiency for all Citizens.

This page needs to be completed for each household. Please fill out one book choice form per child and fill in the bubble next to the 3 books you would like. If you would like a book that is not on the book choice form, feel free to write it at the bottom of the book choice form. If you would like a book for your child that is in a different age category go ahead and mark your choice, the suggestions are only there if you need suggestions.
